## *Magnesium sulphate for fetal neuroprotection of the preterm infant (MAG-CP study)*

### GOALS/LEARNING OBJECTIVES

- To review the e-learning module designed to translate into clinical practice the SOGC guidelines for use of antenatal magnesium sulphate for fetal neuroprotection
- To review new evidence on the costs of magnesium sulphate treatment for fetal neuroprotection
- To review the planned BC Women's site activity as part of the KT project on magnesium sulphate for fetal neuroprotection (ie MAG-CP) including available tools to invite your feedback on the topic

### PRESENTERS

**Dr. Laura Magee**  
**MAG-CP Study Team**

*\*\* The BCWH Interprofessional Grand Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada, and College of Family Physicians of Canada (MainPro M1) \*\**
